## Datasheet

# Screw Pitch Gauge With Lockable Blades

### Technical:

- Thread gauge with 28 lockable blades
- Correct pitch is determined by matching blade teeth with threads
- Imperial pitch range: 4, 6, 8, 10, 11, 11-1/2, 12, 13, 16, 20, 28, 32, 40, 56, t.p.i.
- Metric pitch range: 0.50, 0.75, 1.00, 1.23, 1.5, 1.75, 2.00, 2.50, 3.00, 3.50, 4.00, 4.50, 5.00, 6.00mm
- All imperial threads unified 60 degree & all metric threads are 60 degrees
- Locking device at each end to secure all blades for storage or position the individual blade for use
- Narrow designed blades permit use for internal & external screw threads
- Blades are protected in a sturdy steel case
